MOTOR

**High Quality Geared Motors:**

Oastar Shredder is run by powerful and efficiently geared motor designed for high performance of cross cutting with minimal noise.

CUTTER

**Special Hardened Cutting Mechanism:**

The life of any shredder depends upon the durability of the cutter. The Oastar cutter is made of special steel that has been heat-treated to a very high specification & special ground to ensure longevity.

OPEN

**Door Safety Auto Sensor System:**

To ensure user safety the motor automatically stops, if the door is open.

REV

**Auto Control Reverse System:**

In case of Paper Jam, the built-in IC Panel board immediately switches the motor into reverse and alarm.

FULL

**Auto Sensor System:**

when the waste basket is full, the motor is automatically stops.
